

Winter Sports Sign up day this Friday 6th March

To new parents at Greytown School,

This Friday your child will be given information regarding sports and activities that are available in Greytown over the winter season. This is a seasonal event that Greytown School hosts to encourage participation & fun in team sports. Our winter sports clubs will be collecting names of children interested in playing in a team and may also provide information sheets/registration forms that will come home with your child. Just to avoid extra work for the clubs could you have a chat to your children to explain that it's impossible for parents to help you play every sport all in the same season. Extra sheets will be held in the school office if you miss out. The Greytown Sport & Leisure Society is very grateful for Greytown Schools' continued support of this event.

Thanks, Jackie Gray
